

## IMPERIAL EDICT. BEGS FOR PEACE AMONG CHINESE

PEKING Nov. 10.—Again today all was quiet within the capital and at Tien Tsin, and there was no sign of the revolutionary upheaval that has been expected for days.

In Peking those who surround the throne are engaged in efforts to end the rebellion and tonight there seems some foundation for the government's hope that it will be able to regain the allegiance of Gen. Chang Tao Shien. Chang is commander of the army division at Lanhouan, but is now detached on "sick leave."

He controls the public in China and the government has been using every endeavor to secure his unqualified support. It desires Chang to return to Peking and confer with Yuan Shi Kai and Hsi Liang, the former viceroy of Manchuria.

That Chang possibly may do so is hinted in advices received today from Lanhouan. A correspondent interviewed Chang and General Pan, the latter temporarily in command of the Twentieth division during Chang's "illness." Both generals, it is said, agreed that they would protect the emperor if he is still reigning, or if he had abdicated, they would side with the peace party and the constitution.

Regardless of race, they stated, if the Manchus should massacre the Chinese or vice versa, they would fight against the offending parties.

An official announcement tonight says the court, meaning the dowager empress and the emperor, will move from the winter palace to the inner city November 20, and orders all officials on duty to attire themselves in winter garments. An imperial edict again pathetically begs the Manchus and the Chinese to sink their differences and live in brotherly affection.

**Heng's Counter-Proposition.**  
The Chinese newspapers says Gen. Li Yuen Heng, leader of the revolutionists, has made a counter-proposition to Yuan Shi Kai to join the rebels and assume temporarily the presidency of the republic pending the assembling of a parliament.

The attitude of the foreign legations here is much less than usual. The Germans are conspicuously prominent and, should the Manchus be victorious, it is believed their activities will be of great benefit to them.

They are now harboring ex-war Minister Yin Tchang, who recently was deposed as commander of the imperial troops, and Prince Tsai Tiao, a brother of Prince Chun, the regent. The Japanese legation, probably owing to former criticisms, is maintaining a most exemplary attitude. It is not harboring even Nan Tung, vice president of the privy council, who is a long-standing friend of the Japanese. A member of the American legation has been asked to receive a quantity of uncolored silver, the owner of it desiring even the foreign banks here.

The diplomatic body has considered closing the quarters to ordinary Chinese and Manchus refugees, but it is now being suggested that refuge in the streets of the quarter should be granted to any hunted persons who are unarmed. While it is believed that if a man is armed, the legation guards would be sent through the city to stop it, certain foreigners are of the opinion that the quarter should be thrown open and thereby make impossible the shedding of innocent blood.

**Massacre Arouses Public.**  
SHANGHAI Nov. 10.—The massacre at Nanking has aroused public sentiment here to a high pitch and undoubtedly has added to the prestige of the revolutionists, who since the first outbreak have maintained order and avoided unnecessary bloodshed.

The North China News, the leading foreign newspaper here, commenting on the massacre, says:  
"It is not whether the Manchus or the Chinese prevailed—in point of fact the Chinese have prevailed and the government is paralyzed—but it is a question of innocent human lives and the hideous slaughter of non-combatants, women and children. The Christian powers have not the right to the name if they can witness such crimes in silence."

The Associated Press is informed by the revolutionary leaders that their organization each day is becoming more and more perfect and that it will be a matter of only a few days when every province will be separately organized and ready to attend a national convention to nominate a president.

Wu Ting Fang says ample funds will be forthcoming and that order will be maintained.

"Why then," Wu Ting Fang asked

**Many Persons Given Relief From Rheumatism, Lumbago and Neuralgia.**

Go to your druggist today and get a jar of MacLaren's Mustard Cerate, and rub the affected parts thoroughly. If it is a deep seated pain, first bathe the parts with hot water, which opens the pores and you will find that you will get immediate relief. MacLaren's Mustard Cerate does the work of a mustard plaster and will not blister. Inset upon getting it, as there is nothing else to take its place. Your druggist has it in stock at 25 and 50 cents a jar, and if it fails to do the work, he will cheerfully refund to you the money. If you cannot obtain it from your druggist send us 10 cents for a sample.

## SAGE TEA WILL DARKEN THE HAIR

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skilled chemists better than we could do it ourselves, and all we have to do is call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today, and notice the difference after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

**INDIANS TO HAVE  
BIG ORGANIZATION**

SPOKANE, Wash., Nov. 10.—Organization of all North American Indians into a national brotherhood, intended to use its political influence in national elections, will be attempted this winter. All tribes are asked to send two or more representatives to a convention in Washington, D. C.

Richard C. Adams, a half-breed Delaware Indian, who is an attorney at Washington, is responsible for the plan. Adams intends that the society be made the means of obtaining larger powers for the Indians in administering their own property. Congress will be memorialized by at least eight northwestern tribes, which desire control of their tribal properties.

**THE TRUE TEST.**

Tried in Ogdens: It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Ogdens. Kidney sufferers can hardly ask for stronger proof than the following:

Mrs. F. J. Moody, 928 Capitol avenue, Ogdens, Utah, says: "Doan's Kidney Pills brought a wonderful change in my condition in less than a month. I suffered intensely from swelling of my feet and limbs. Nothing helped me at all until I began using Doan's Kidney Pills. Although I was so near the contents of one box cured me. It is a pleasure to recommend Doan's Kidney Pills." (Statement given July, 1910.)

**Confirmed Proof.**  
Mrs. Moody was interviewed on July 29, 1909, and she confirmed the above testimonial in the following words: "I can still recommend Doan's Kidney Pills highly and I willingly allow the publication of my former endorsement. This remedy has certainly been of great benefit to me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

**EAST VS. WEST  
IN BASEBALL GAME**

AUBURN, N. Y., Nov. 10.—Secretary John Farrell of the National Association of Professional Baseball leagues today said a great international baseball game between the east and west, to be played as the feature of the annual meeting at San Antonio, Texas, on November 18, had attracted such notice in the south that New Orleans and other cities have asked that the championship game be extended into a series, with games in the principal southern cities. It is probable that a series, the proceeds to go to charity, will be arranged.

**PREVENTION OF SHELLS  
PREMATURE EXPLOSION**

WASHINGTON, Nov. 10.—In order to make premature explosion of shells used by the army practically an impossibility, the ordnance department has devised a test forty times more severe than the one formerly given. In the future every shell before it is issued for use will be subjected to a hydraulic pressure of 20,000 pounds to the square inch.

While the old test of 500 pounds water pressure to the square inch was almost certain to force water out of any holes which might be in the projectile, the new one should invariably develop any flaw or weak place, according to ordnance experts.

**FIRE IN SMALL TOWN  
IN MONTANA**

ELLISTON, Mont., Nov. 10.—Fire about 4 o'clock this morning destroyed the building and contents of the general merchandise store of the Sewell-Daniels company, and the building and contents of the meat market owned by Fred Landman. Sewell-Daniels' loss is \$10,000 on stock and \$2,500 on building. Mr. Landman's loss is \$1,000 on stock and Felix Seneca's loss is \$1,500 on the building. All the losses are partially covered by insurance.
